

NovatekLab

K-Type Thermocouple Probe (50 mm) with Spade / fork terminals

NTK-KP-50-1M-ST

Specifications

General Description	Details
Brand:	NovaTekLab
Thermocouple Type:	K
Product End Use:	Temperature Measurement
Operating Temperature Range:	0°C to +250°C
Maximum Rated Limit:	≥ 250°C
Cable Length:	1 meter
Probe:	3 mm diameter x 50 mm length
Connector:	Spade / fork terminals
Accuracy Class:	IEC 60584 Class 1
Probe Material:	SUS304 sheath
Cable Type:	Fiberglass insulation with external shielding
Country of Origin:	China
Compliance Marking:	RoHS Compliant
Notes:	REACH Declaration Available Upon Request

SKU NUMBER: TCKP501MST
